BOLIVIA DEPORTING
POLITICAL ENEMIES

BUENOS AIRES, March 21.—The present government of Bolivia is deporting all its political enemies, including some of the best known citizens of the country. Some have already reached Argentina and Chile.

The deportations are not confined to members of the opposite political party but include many of the Republican party who opposed President Saavedra in the recent party split.

The action of the government is a continuance of the policy inaugurated by the revolutionary junta which tore men from their families and later, through censorship, prevented them from communicating with their homes.

Engineer and Fireman
Blamed for Fatal Wreck

Blame for the wreck of the New York Central and Michigan Central passenger trains in collision at Porter, Ind., February 27, in which thirty-seven persons were killed and many injured, was placed by the Interstate Commerce Commission Bureau of Safety yesterday directly upon Engineer Long and Fireman Block, of the Michigan Central train.

The report of the investigation says that the cause of the accident was the failure of Engineer Long to observe and obey the signal indicating of the home signal governing the Porter crossing. A contributing cause was the failure of Fireman Block properly to observe the home signal and his failure to give correct information to the engineer.

The report discloses that Engineer Long had been four times suspended since 1901 for signal infractions.

ROCKVILLE JUDGE
SCORES GAMBLING
ON CONDUIT ROADUrges Jury to Investigate
And Promises Heavy
Penalties.

ROCKVILLE, Md., March 21.—That gambling establishments run by people from the District of Columbia are flourishing along the Conduit road, was the statement of Judge Edward C. Peter to the grand jury at the opening of the March term of the Circuit Court today. Judge Peter urged that an investigation be made and declared that if indictments are returned and convictions secured the court could be relied upon to impose sentence of sufficient severity to make it plain that these people cannot come into Maryland and violate law with impunity.

Judge Peter used some very vigorous language in referring to the use of the Maryland highways for bootlegging purposes. "Prosecuting their nefarious business with the aid of high-powered automobiles, many of these violators are defiers of the laws and Constitution of the United States," Judge Peter declared, "are armed to the teeth and ready to kill, if necessary, those who interfere."

Judge Peter selected Lee Offutt, of Rockville, for foreman of the grand jury and drew the other members of the body as follows: William A. Larman, Jesse W. Walker, Dorsey W. Nicholson, Perry K. Connel, Mahlon Kirk, sr., William H. Downs, Paul Dyson, William J. Thomas, Gideon D. Briggs, Benjamin F. Shreve, Charles B. Selman, John S. Crown, Charles Webster, Willis B. Burdette, Emory L. Ricketts, Edward F. Riordan, Henry C. Karr, William S. Magaha, John Imrie, Thomas Y. Canby, Elbert G. Barrett and Joseph H. Ward.

The petit jury is composed of Lewis W. Barnsley, Carson Ward, Justus M. Rosser, Robert J. Green, Harvey J. Harris, Charles C. Jamison, Howard W. Bosley, Franklin I. Marsden, Hugh F. O'Donnell, Richard F. Spates, Greenbury G. Griffith, James H. Barber, James O. Brown, William H. Fawcett, Harry C. West, Richard L. Waters, William S. Corby, James H. Anderson, Talmaide L.
